

Documentation in a Digital Era

Join **Dr. Dennis Desai** from the Canadian Medical Protective Association (CMPA) to discuss ***Documentation in a Digital Era***.

Focused on the goal to reduce your medico-legal risk, after this presentation, participants will:

- Recognize charting pitfalls that lead to patient complaints
- Learn tips to meet professional obligations when using electronic medical records

Dr. Desai is a senior physician advisor for quality improvement and eHealth at the CMPA. In this role he provides physicians with advice and support on privacy issues and other medico-legal matters.

Tuesday October 29th 2:30 – 3:30 p.m.
