

Public Health Grand Rounds:

Medical Health Officer update on viral respiratory illness
and fall vaccination campaign

You are invited to join Public Health Grand Rounds where your Medical Health Officers will provide an update on the epidemiology and public health management of respiratory viruses, and an update on the fall vaccination campaign for influenza and COVID-19. Please bring your questions!

Speakers:

- Dr. Reka Gustafson, Chief Medical Health Officer and Vice President Population and Public Health
- Dr. Dee Hoyano, Medical Health Officer
- Dr. Mike Benusic, Medical Health Officer

Session Objectives:

- Summarize the current incidence and virulence of influenza, COVID-19, RSV
- Describe the current BC and Island Health public health approach to respiratory virus management
- Understand the evidence for this fall's influenza and COVID-19 vaccines
- Describe how to access vaccines for you and your patients

When:

Friday October 20, 12:00-13:00pm

Event Details:
