

# MASK POLICY

Workplace masking policy for health-care providers, patients and visitors

This document outlines Island Health and provincial expectations for the use of face masks in the workplace at Island Health. Masking, combined with the safety precautions of physical distancing, excellent hand hygiene, and staying home when unwell, will help to keep health-care workers and our patients, clients, residents and families safe from COVID-19. Questions? Please read our [FAQs](#).

## NOTES:

- Failure to comply with the policy may result in corrective action, up to and including termination (excepting legitimate reasons why an employee is unable to follow this direction).
- N95 respirators are to be reserved for AGMPs and where N95s are part of the PPE required for airborne and or specific precautions.

ISLAND HEALTH STAFF, MEDICAL STAFF AND CONTRACTORS			
Environment	Environment Example	Type of Mask	Used by
<b>Health-care facility or care environment (Non-LTC areas)</b>	<ul style="list-style-type: none"> <li>• ALL areas/settings where care, counsel and/or assessments are provided across the health authority</li> <li>• ALL settings where staff and medical staff interact with patients, clients, residents, families and/or members of the public</li> </ul>	<ul style="list-style-type: none"> <li>• Medical-grade mask</li> <li>• N95 or an approved reusable respirator for AGMPs or where required for airborne or specific precautions</li> </ul>	<ul style="list-style-type: none"> <li>• All staff, medical staff and contracted service providers</li> <li>• See also <a href="#">PPE Guidelines</a> for Care Providers</li> </ul>
<b>Administrative areas <u>within</u> a care facility</b>	Examples: <ul style="list-style-type: none"> <li>• Admin offices (i.e. CNE or leader)</li> <li>• Education or meeting rooms on a unit</li> <li>• Administrative wings (clinical and non-clinical)</li> <li>• Libraries</li> <li>• Supportive services</li> <li>• FMO/support areas</li> <li>• Regional laundry plants</li> </ul>	<ul style="list-style-type: none"> <li>• Medical-grade mask</li> </ul>	<ul style="list-style-type: none"> <li>• All staff, medical staff and contracted service providers</li> </ul>

PATIENTS			
Environment	Environment Example	Type of Mask	Used by
<b>Healthcare facility or care environment</b>  Excluding Long-Term Care and Assisted Living settings	<ul style="list-style-type: none"> <li>• During transport within a healthcare facility</li> <li>• When moving around a healthcare facility</li> <li>• While in a waiting area (ED or any department)</li> <li>• While in any bed space that is only separated by a curtain in the ED</li> <li>• Actively coughing in a multi-bed room on droplet or contact/droplet precautions                             <ul style="list-style-type: none"> <li>○ single room should be prioritised where possible, see <a href="#">bed placement for patients on additional precautions</a></li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>• Medical-grade mask</li> </ul>	<ul style="list-style-type: none"> <li>• Patients</li> </ul>

## Exemptions for Visitors and Patients:

- Exceptions to the policy must be applied for:
  - people under 5 years old,
  - people unable to wear a mask because of a health condition or physical or mental impairment,
  - people unable to put on or remove a mask without help from another person, and
  - people communicating with someone with a hearing impairment.
- People who are required to wear a mask and are able to wear a mask, but who choose not to as a matter of preference, are not exempt.
