

COVID-19 VACCINATION AND YOUNG ADULTS

Why are we doing the study?

We want to understand the perspectives and experiences of young adults around COVID-19 vaccination

Who can participate?

- Adults 20-29 years of age
- Have access to a mobile phone, landline telephone or the internet

What does the study involve?

- A demographic survey
- A 60 minute telephone or Zoom interview
- To thank you for your time we will give you a \$40 electronic gift card
