

Application Form Question Summary: Facility- or Community-Based Specialist or Family Physician

Note: These are the questions from the application form only – to submit your application, you will need to submit your answers through the digital [Cohort 11 Application Form](#) by **March 13, 2026**.

*Required

Declaration of Readiness	
1. I can attend all 13 workshops and events in 2026/2027*	
2. I can dedicate time each week (Sept 2026 – Oct 2027) to learning and applying QI*	
3. I want to address a problem or gap in care in my practice setting using Quality Improvement*	
Applicant Details	
4. Name (preferred name and pronouns)*	
5. Email address (preferred)*	
6. Community you practice in*	
7. Designation* eg. MD, non-medical staff (midwife, RN), IH employee	
8. Medical Discipline*	
9. Are you applying with a co-applicant?*	
Motivations and Expectations	
10. What (if any) previous Quality Improvement experience and/or formal education do you have?*	
11. What sparked your interest in this year-long training, and why is the timing right now (Sept 2026 – Oct 2027)?*	
The Problem or Gap in Care	
12. Describe a problem or two in your work environment that you would like to improve. What is the gap in quality? <i>As a part of Cohort training, you will practice the QI methodology by leading your own QI project with a team. If you are open to ideas for a PQI learning action project, our team can help generate the right-sized QI project for you and your team.</i>	
13. How do you know that this is a problem or gap in care?* <i>Do you have documented patient feedback? What data have you accessed (or have access to) to understand this problem? Who else has identified that this is a problem?</i>	
14. Why does it matter? How does your project aim align with planetary health and/or any of the quintuple aims: <i>the patient experience, health equity, population health, provider well-being, value/reduced cost?</i> *	
15. Who do you see as part of your improvement team and likely willing to collaborate on this project?* (e.g. nurses, office staff, physician colleagues, leadership/ops, patients)	
16. There are multiple sources of funding for improvement initiatives. If you are currently receiving any funding related to the problem/gap in care that you want to address, please describe.
